Ratio

Science

Chemistry - Properties and Changes of Materials

Compare and group everyday materials according to their properties, dissolve materials in liquid to form a solution and recover a substance from a solution. Decide how mixtures might be separated through filtering, sieving and evaporating, explore changes of state that are reversible or irreversible.

Biology - Evolution and Inheritance

Recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago. Recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents. Identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.

Art: Drawing

Artist focus - Hans Holbein

Design & Technology: Playground Structures

Designing and building a new playground using a range of materials and structures

Curriculum Overview:

Oak Class

Autumn Term

2026-2027

History

The Ancient Greeks

Big Question: How was the Ancient Greek legacy built 'one brick at a time'?

Computing

Communication and Collaboration

and

Webpage Creation

PE

Football

(with Kidderminster Harriers)

Rugby

(with Rob Cook)

Music

Ukulele

Melody and Harmony

RE

Creation and Science: conflicting or complementary?

Why do Christians believe that Jesus is the Messiah?

PSHE

'Me and My Relationships'

and

'Valuing Difference'

MFL

French - 'Describing people in French' and 'My French Family'

To be taught after half term:

Geography: Zoning In

World biomes, climate zones and time zones
